Year 4 - Happy no changes made.
Year 5 - Feedback needed for next time.
Year 6 – Would like to change 'STOP' Several Times On Purpose to 'STAR' Stand Together Act Responsibly.
When all changes have been made and agreed all the classes can sign the policy and place on their classroom walls.

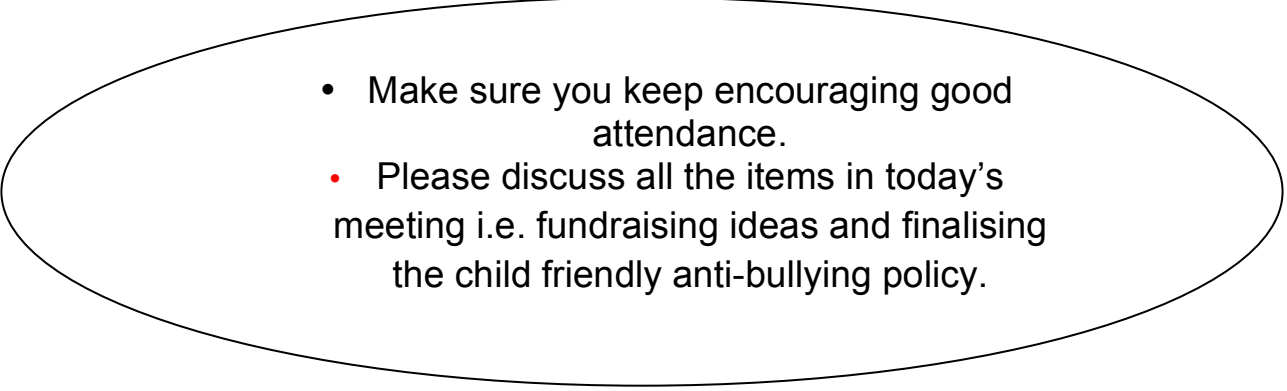

4. Visit to see the new build.

Councillors went to look around the new build. The children spoke about what they thought they might see before they went and they said colourful and dusty. Rules to keep safe were discussed beforehand such as stop, look, listen carefully and walk sensibly. The Councillors were very excited as they were escorted around the new reception and nursery classes and had lots of

questions to ask Chris, the new build Site Manager. They felt that the young children would love the space in the new classrooms and the outdoor area.
